Clifton Mallory Friday Night

"The Test" the play in which the noted actor, Clifton Mallory, is appearing this season, is pronounced one of the strongest and most interesting of modern plays. It deals with the problems of heredity, astrology and mind influence, presented on a high moral plane, yet entertaining and fascinating. Mr. Mallory is supported by a strong company, and no one should miss the opportunity afforded by his visit to Morrisville, which will take place on Friday evening, November 15th.

"The Test" is the first number of the Entertainment Course under the auspices of the Woman's Club. Seats on sale at Cheney's.

A Lesson in Auto-ology

W. M. Johnson, the genial proprietor of the local Bijou, only went as far as Laconia, N. H., by auto on his Boston trip last week, and thereby hangs a tale. According to reliable information, the Morrisville man, when approaching slowly the heart of the New Hampshire City, was stopped by an officer, whom he supposed wished a ride to the other end of his beat. William told him to "hop right in" and imagine his chagrin when ordered to stop at police headquarters. Being certain that he had "blowed his horn and kept to the right" at every opportunity, that he had not jumped a board bill, exceeded the speed limit or qualified for a breach of promise suit, William was somewhat dazed and a little ruffled, at first, but more so when a reply came to his wire to a party in Morrisville that there was "no such person in town." At this point the Morrisville man inquired what the charge against him was, and he was informed that painting a car number on the radiator, in place of the usual number plate, was an unheard of thing at "Skeeter Bridge." After some anxious waiting, Mr. Johnson received an O. K. from Guy Bailey and was allowed to proceed to Boston, where he went on business connected with his Morrisville Bijou theatre. "Bill" is thinking strongly of presenting the New Hampshire officers with a few copies of the Vermont automobile laws for future perusal.
